

Chapter 3-1 Watch List

Create a list of companies that you like and would be possible investments, perhaps because of their volatility or you are confident in their fundamentals. **No more than 20 should be included in your list, at least to begin with. Five to 10 is a good start.**

My Watch List

Example:

GE. Sentiment __Bullish__, Technical movement, __Bullish, bouncing from support__, Pundits __ Bullish __.

AAPL: Sentiment _Bullish_, Technical movement, _Bullish, bouncing from support_, Pundits _ Bullish _.

GOOG: Sentiment _Bullish_, Technical movement, _Bullish, bouncing from support_, Pundits _ Bullish _.

Or, develop your own spreadsheet with the elements that you would like to see.

Ticker:	Technical movement	Pundit opinion/News
